Memory (RAM)	16GB DDR5
Storage (SSD)	512GB NVMe SSD
Graphics Card	**NVIDIA GeForce RTX 4050 6GB**
Core Architecture	Intel Core i7-13620H, 15.6-inch 144Hz display, translucent cyberpunk chassis design, Wi-Fi 6E.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

MSI Thin GF63

$817

Brand / Make	**MSI**
Memory (RAM)	16GB DDR4
Storage (SSD)	512GB NVMe SSD
Graphics Card	**NVIDIA GeForce RTX 4050 6GB**
Core Architecture	Intel Core i5-12450H, 15.6-inch FHD 144Hz display, brushed aluminum hairline aesthetic, lightweight gaming.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

MSI Sword 16 HX

$1,875

Brand / Make	**MSI**
Memory (RAM)	32GB DDR5
Storage (SSD)	1TB NVMe SSD
Graphics Card	**NVIDIA GeForce RTX 4070 8GB**
Core Architecture	Intel Core i7-14700HX, 16-inch QHD+ 240Hz display, 24-zone RGB keyboard, Cooler Boost 5.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Acer Nitro 16 AI

$1,542

Brand / Make	**Acer**
Memory (RAM)	32GB DDR5
Storage (SSD)	1TB PCIe 4.0 SSD
Graphics Card	**NVIDIA GeForce RTX 4070 8GB**
Core Architecture	AMD Ryzen 7 8845HS, 16-inch WQXGA 165Hz display, dedicated Copilot AI key, NitroSense utility software.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Acer Nitro V 15

$1,000

Brand / Make	**Acer**
Memory (RAM)	16GB DDR5
Storage (SSD)	512GB SSD
Graphics Card	**NVIDIA GeForce RTX 4050 6GB**
Core Architecture	Intel Core i5-13420H, 15.6-inch FHD 144Hz display, dual fan cooling, DTS X Ultra audio.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Lenovo Lenovo LOQ 15

$1,150

Brand / Make	**Lenovo**
Memory (RAM)	16GB DDR5
Storage (SSD)	512GB SSD
Graphics Card	**NVIDIA GeForce RTX 4060 8GB**
Core Architecture	AMD Ryzen 7 7840HS, 15.6-inch WQHD 165Hz display, Lenovo LA1 AI Chip, 140W TGP graphics.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

HP HP Victus 16

$1,125

Brand / Make	**HP**
Memory (RAM)	16GB DDR5
Storage (SSD)	512GB SSD
Graphics Card	**NVIDIA GeForce RTX 4060 8GB**
Core Architecture	Intel Core i7-14700HX, 16.1-inch FHD 165Hz display, wide touchpad, OMEN Gaming Hub integration.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Gigabyte Gigabyte G5 KF

$983

Brand / Make	**Gigabyte**
Memory (RAM)	16GB DDR5
Storage (SSD)	512GB NVMe SSD
Graphics Card	**NVIDIA GeForce RTX 4060 8GB**
Core Architecture	Intel Core i5-13500H, 15.6-inch FHD 144Hz display, Windforce cooling system, DTS:X Ultra sound.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Gigabyte

Gigabyte Aorus 16X

$1,792

Brand / Make	**Gigabyte**
Memory (RAM)	32GB DDR5
Storage (SSD)	1TB PCIe 4.0 SSD
Graphics Card	**NVIDIA GeForce RTX 4070 8GB**
Core Architecture	Intel Core i7-14650HX, 16-inch WQXGA 165Hz display, AI Power Gear, Microsoft Copilot integration.

Verified Global Export Unit — Ready for Worldwide Express Air Shipping & Secure Stripe Checkout.

Appendix 1: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 1)

Node Identifier	`rag-global-shop-node-2026-sec-1`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 2: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 2)

Node Identifier	`rag-global-shop-node-2026-sec-2`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 3: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 3)

Node Identifier	`rag-global-shop-node-2026-sec-3`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 4: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 4)

Node Identifier	`rag-global-shop-node-2026-sec-4`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 5: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 5)

Node Identifier	`rag-global-shop-node-2026-sec-5`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 6: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 6)

Node Identifier	`rag-global-shop-node-2026-sec-6`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 7: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 7)

Node Identifier	`rag-global-shop-node-2026-sec-7`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Appendix 8: Global RAG Neural Knowledge Base & Shipping Protocol

This technical appendix documents international shipping terms, currency settlement protocols, and vector embedding metadata for global clients interacting with the RAG Electronic Shop system.

1. Global Vector Chunk Schema (Node 8)

Node Identifier	`rag-global-shop-node-2026-sec-8`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
International Logistics	DHL Express & FedEx Priority Air with customs clearance documentation included
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across 105+ models

2. Automated Global Quotation & Support

International clients can query our LangGraph-powered conversational assistant to configure custom hardware bundles, calculate estimated import duties, and generate instant formal invoice PDFs.

Global Master Index Conclusion & Verification Summary

This concludes the 35-page international master catalog for the RAG Electronic Shop. All models, USD pricing, RAM configurations, SSD capacities, and graphics card specifications are fully optimized for global e-commerce deployment.

Global Export Verification Status: PASSED

Ready for deployment into international vector search pipelines, Stripe checkout portals, and multi-agent customer support bots.
