RAG ELECTRONIC SHOP GLOBAL LUXURY EDITION

Smart Television Master Catalog

Vector-Indexed Display Specifications, USD Pricing & Global Home Theater Architecture

Target Market: Global Clients & Premium Home Theater Integrators
Version: 6.0.0 Obsidian Gold Edition (USD)
Indexed Units: 30+ Flagship & Mainstream Smart TV Configurations

📺 **Qdrant Vector DB + Secure Global Escrow + White-Glove Worldwide Freight** 📺

Catalog Structure & Obsidian Index

This luxury master inventory catalog contains precise technical specifications for smart televisions stocked in the RAG Electronic Shop database, featuring international pricing in USD. Each unit includes verified brand attribution, exact USD pricing, screen size, resolution, display technology, and audio specialty features.

Catalog Categories Index

Section 1	**Flagship QD-OLED & OLED Smart TVs** — Infinite contrast and self-lit picture mastery.
Section 2	**Mini-LED & 8K Hyper-Resolution TVs** — Extreme peak brightness and massive screen real estate.
Section 3	**Lifestyle & Designer Art TVs** — Seamless gallery integration and weather-proof outdoor units.
Section 4	**Premium Gaming & Esports TVs** — Ultra-low input lag and 144Hz refresh rates.
Section 5	**Mainstream & Value Smart TVs** — Reliable 4K streaming displays with intuitive operating systems.

Section 1: Flagship QD-OLED & OLED Smart TVs

The pinnacle of home entertainment for global clients seeking infinite contrast ratios, self-lit pixels, Dolby Vision IQ, and cinematic HDR performance.

Samsung Samsung S95D 77-Inch OLED 4K — $3,499

Brand / Make	Samsung
Screen Size	77-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Glare-Free OLED technology, Neural Quantum Processor 4K, 144Hz refresh rate, Dolby Atmos soundbars.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Samsung Samsung S90D 65-Inch OLED 4K — $1,999

Brand / Make	Samsung
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	OLED HDR+, Pantone validated colors, Motion Xcelerator 144Hz, LaserSlim sleek design.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

LG LG OLED G4 Series 83-Inch — $4,999

Brand / Make	LG
Screen Size	83-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	α11 AI Processor 4K, Brightness Booster Ultimate, Zero Gap Wall Mount design, webOS 24.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

LG LG OLED C4 Series 65-Inch — $1,896

Brand / Make	LG
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	α9 AI Processor Gen 7, 144Hz VRR, G-SYNC and FreeSync compatibility, ultra-thin bezels.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Sony Sony Bravia 8 65-Inch OLED — $2,298

Brand / Make	Sony
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	XR Processor, Acoustic Surface Audio+, Google TV with hands-free voice search, Netflix Adaptive Calibrated Mode.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Sony Sony Bravia Master Series A95L 77-Inch — $4,998

Brand / Make	Sony
Screen Size	77-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	QD-OLED panel, Cognitive Processor XR, Acoustic Multi-Audio+, BRAVIA Core calibrated streaming.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Panasonic Panasonic Z95A 65-Inch OLED

$2,799

Brand / Make	**Panasonic**
Screen Size	**65-Inch**
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Master OLED Ultimate, HCX Pro AI Processor MK II, 360 Soundscape Pro tuned by Technics.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Section 2: Mini-LED & 8K Hyper-Resolution TVs

Engineered for massive living spaces and ultimate peak brightness, featuring thousands of local dimming zones and crystal-clear 8K resolution.

Samsung QN900D 85-Inch 8K Neo QLED

$6,999

Brand / Make	Samsung
Screen Size	85-Inch
Resolution Standard	8K UHD (7680 x 4320)
Display Tech & Specialty	Real 8K Resolution with AI Upscaling Pro, Quantum Matrix Pro with Mini-LEDs, Infinity Screen.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Samsung QN90D 75-Inch 4K Neo QLED

$2,599

Brand / Make	Samsung
Screen Size	75-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Neo Quantum HDR+, Shape Adaptive Light Control, Dolby Atmos, OTS+ object tracking sound.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Sony Bravia 9 85-Inch Mini-LED

$4,998

Brand / Make	Sony
Screen Size	85-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Backlight Master Drive, XR Processor, Studio Calibration modes, highest peak brightness in class.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

TCL TCL QM851G 75-Inch QD-Mini LED

$1,498

Brand / Make	**TCL**
Screen Size	**75-Inch**
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Up to 5,000+ local dimming zones, 5000 nits peak brightness, High-Powered Subwoofer built-in.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Hisense Hisense U8N Series 75-Inch Mini-LED

$1,499

Brand / Make	**Hisense**
Screen Size	**75-Inch**
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Mini-LED PRO, 3000+ dimming zones, 3000 nits peak brightness, IMAX Enhanced and Filmmaker mode.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Section 3: Lifestyle & Designer Art TVs

Transforming modern living spaces into art galleries when powered off, blending premium interior design with stunning QLED display technology.

Samsung The Frame Pro 65-Inch

$1,999

Brand / Make	Samsung
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Matte Display with Anti-Reflection, Art Store access, customizable magnetic bezel frames included.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Samsung The Serif 55-Inch

$1,499

Brand / Make	Samsung
Screen Size	55-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	360-degree iconic serif design by Ronan & Erwan Bouroullec, detachable floor stand, NFC on TV.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

LG Posé Art OLED 55-Inch

$1,699

Brand / Make	LG
Screen Size	55-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Curved fabric-finish back with built-in cable management shelf, Self-lit OLED evo panel.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Samsung The Terrace 75-Inch Outdoor TV

$6,499

Brand / Make	**Samsung**
Screen Size	**75-Inch**
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	IP55 weather resistance against water and dust, 4000 nit ultra-bright anti-glare screen for sunny patios.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Section 4: Premium Gaming & Esports TVs

Optimized for next-generation gaming consoles (PS5 & Xbox Series X) with ultra-low input lag, HDMI 2.1 bandwidth, and dedicated Game Bar dashboards.

LG LG OLED C4 42-Inch Gaming Edition — $1,396

Brand / Make	LG
Screen Size	42-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Compact desktop-friendly size, 144Hz refresh rate, 0.1ms response time, NVIDIA G-SYNC compatible.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Samsung Samsung Neo QLED QN90D 50-Inch — $1,299

Brand / Make	Samsung
Screen Size	50-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Super Ultrawide GameView (21:9 and 32:9 ratios), Motion Xcelerator 144Hz, Auto Low Latency Mode.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Sony Sony Inzone M9 27-Inch 4K Gaming Monitor — $798

Brand / Make	Sony
Screen Size	27-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Full Array Local Dimming, 144Hz, DisplayHDR 600, perfect companion monitor for PlayStation 5.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Section 5: Mainstream & Value Smart TVs

Cost-effective, reliable 4K HDR smart televisions equipped with intuitive streaming operating systems like Google TV, Roku, and Fire TV.

TCL TCL Q6 Class 65-Inch 4K QLED — $498

Brand / Make	TCL
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Quantum Dot color technology, High Brightness LED backlight, Google TV smart platform built-in.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Hisense Hisense U6N Series 65-Inch ULED — $599

Brand / Make	Hisense
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Full Array Local Dimming, Quantum Dot Color, Dolby Vision Atmos, Fire TV / Google TV dual options.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Amazon Amazon Fire TV Omni QLED 65-Inch — $759

Brand / Make	Amazon
Screen Size	65-Inch
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Hands-free Alexa voice control, Adaptive Brightness sensor, Fire TV Ambient Experience.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Roku Roku Plus Series 65-Inch QLED 4K

$649

Brand / Make	**Roku**
Screen Size	**65-Inch**
Resolution Standard	4K UHD (3840 x 2160)
Display Tech & Specialty	Roku Voice Remote Pro, Dolby Vision and HDR10+, exceptional ease of use interface.

Verified Global Export Unit — Ready for White-Glove Freight Shipping & Secure Stripe Checkout.

Appendix 1: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 1)

Node Identifier	`rag-tv-obsidian-node-2026-sec-1`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 2: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 2)

Node Identifier	`rag-tv-obsidian-node-2026-sec-2`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 3: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 3)

Node Identifier	`rag-tv-obsidian-node-2026-sec-3`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 4: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 4)

Node Identifier	`rag-tv-obsidian-node-2026-sec-4`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 5: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 5)

Node Identifier	`rag-tv-obsidian-node-2026-sec-5`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 6: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 6)

Node Identifier	`rag-tv-obsidian-node-2026-sec-6`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 7: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 7)

Node Identifier	`rag-tv-obsidian-node-2026-sec-7`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 8: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 8)

Node Identifier	`rag-tv-obsidian-node-2026-sec-8`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 9: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 9)

Node Identifier	`rag-tv-obsidian-node-2026-sec-9`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 10: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 10)

Node Identifier	`rag-tv-obsidian-node-2026-sec-10`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 11: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 11)

Node Identifier	`rag-tv-obsidian-node-2026-sec-11`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 12: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 12)

Node Identifier	`rag-tv-obsidian-node-2026-sec-12`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 13: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 13)

Node Identifier	`rag-tv-obsidian-node-2026-sec-13`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 14: Obsidian Smart TV RAG Index & White-Glove Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 14)

Node Identifier	`rag-tv-obsidian-node-2026-sec-14`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Global Smart TV Master Index Conclusion & Verification Summary

This concludes the 35-page international luxury master catalog for smart televisions at RAG Electronic Shop. All models, USD pricing, screen sizes, resolutions, and display technologies are fully optimized for global e-commerce deployment.

Global Obsidian TV Export Verification Status: PASSED

Ready for deployment into international vector search pipelines, Stripe checkout portals, and luxury multi-agent customer support bots.

Appendix 15: Extended Obsidian Smart TV RAG Index & Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 15)

Node Identifier	`rag-tv-obsidian-node-2026-sec-15`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 16: Extended Obsidian Smart TV RAG Index & Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 16)

Node Identifier	`rag-tv-obsidian-node-2026-sec-16`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 17: Extended Obsidian Smart TV RAG Index & Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.

1. Television Vector Chunk Schema (Node 17)

Node Identifier	`rag-tv-obsidian-node-2026-sec-17`
Currency Standard	USD ($) — Real-time multi-currency settlement via Stripe Connect
Freight Protocol	Custom wooden crating, shock-impact indicator seals, 100% transit insurance coverage
Vector Retrieval Engine	Qdrant Cloud Cluster with sub-15ms semantic matching across luxury display inventories

2. Automated Home Theater & Soundbar Pairing

Our LangGraph multi-agent RAG assistant analyzes room dimensions, ambient lighting, and eARC audio compatibility to recommend matching Dolby Atmos soundbars and motorized wall mounts instantly for global clients.

Appendix 18: Extended Obsidian Smart TV RAG Index & Logistics

This technical appendix documents white-glove freight insurance, custom crate packaging, and vector embedding metadata for global smart television clients interacting with the RAG Electronic Shop system.
